ASAP Membership Committee Mission & Goals

ASAP Mission statement:

Connecting and supporting climate adaptation professionals to advance innovation and excellence in the climate adaptation field.

Through ASAP's website, affinity groups, webinars and meetings, climate adaptation leaders interact, share what's working, collaborate with their colleagues, and build essential climate resilience for communities across the country.

ASAP Membership Committee Mission:

The ASAP Membership Committee exists to enhance ASAP's value proposition for members to ensure retention, recruitment, engagement, career and capacity development, and fair participation of a large group of diverse representatives from across the adaptation field.

ASAP Membership Committee Goals:

The goal of the membership committee is to ensure ASAP members gain maximum value from ASAP, and are provided ample opportunity to help inform current and future ASAP activities, for instance: advocacy, education & information dissemination, external partnerships, funding, networking, recognition, research, and training.¹
