

# AMERICAN SOCIETY OF ADAPTATION PROFESSIONALS

---

## Welcome to the ASAP JEDI Committee

Welcome! We are glad that you are joining us on this journey to integrate Justice, Equity, Diversity and Inclusion (JEDI) into climate adaptation planning and practice. This onboarding document is designed to give you access to foundational JEDI documents and resources. The links provided in this onboarding document are a good place to start but they are not the only resources available through ASAP.

This visual provides an overview of JEDI at ASAP. JEDI is an [integral aspect of ASAP](#). Our [JEDI Committee](#) meets quarterly. The [Accountability](#) and Education Groups meet monthly. At this time we have one sub-group, the Community of Practice within the Education Group. Learn more about how to get involved with ASAP's JEDI work [here](#).

### **Starting your ASAP JEDI learning journey:**

Below are several resources that will help provide you background knowledge on ASAP's ongoing JEDI work. We hope these documents help show where we've been and where we aspire to grow together.

- [Racial Equity Webinar Series and Resources](#) - Avarna Group: this includes a lot of information. Please feel free to review this in sections or to come back to it after looking at the other documents on this list.
- [JEDI Timeline](#) – this document is a living document and we will be adding to it. It is possible that at the moment that you are viewing it, it has not been recently updated.
- [Read and commit to supporting ASAP JEDI Statement](#)
- [Read and use Debra's thought exercises](#)
- See several additional resources in [ASAP's website library](#) and the [JEDI Education Group Library](#).
